To schedule an appointment call (858) 560-9696

Full Mouth

If all of your teeth are missing or will be extracted the following choices are available after the 6 month healing phase:

Removable Denture with metal framework and 4 locator attachments

(no credit will be honored for any previous CII payments)

A "snap in denture" which includes four attachments that will lock on to the implants

\$3995.00 Upper

\$1500 down \$124/month with approved credit

\$3995.00 Lower

\$1500 down \$124/month with approved credit

Fixed Restorative Options

(this option does qualify for a credit for any previous CII denture payments)

Full Arch Regular-Zirconia 10 Teeth \$10,000.00

\$5000 down \$200/month with approved credit

Full Arch Prettau- Zirconia 10 Teeth \$12,000.00

\$6000 down \$250/month with approved credit

Full Arch Crown & Bridge 10 Teeth \$15,000.00

\$7500 down \$350/month with approved credit

*****The type of material chosen will depend on the height of your gumline*****

Healing abutments

Two weeks before we restore your implants, the doctor will need to surgically uncover them and place healing abutments. The cost will be \$210 per implant. The amount you pay towards the healing abutments will be credited towards the final restoration when done at our office.

Healing Abutments

\$210.00 each (Hurst Dental Care will credit toward final restoration)

Individual Crowns

These are attached to the surgical portion of the implant after the 6 month healing phase. This includes the healing abutment and the custom abutment that attaches your implant to the crown.

Implant Crowns

\$971.00 each (includes abutment)

Temporary teeth for the 6 month healing phase

If you are missing 1-3 teeth, a removable temporary can be made. This is for esthetics only; you cannot chew food with this temporary in place. It will need to be removed when eating.

Upper \$316.00

Lower \$316.00

If you will be missing all of your teeth a temporary denture can be made for you. These can be worn while eating but should be removed at night when sleeping.

Upper Arch \$971.00

Lower Arch \$971.00

ZIRCONIA IMPLANT BRIDGE

- **Upper Arch (12 teeth) Zirconia Implant Bridge \$10,000**
\$5000 downpayment \$107.36 monthly payment for 60 months
- **Lower Arch (12 teeth) Zirconia Implant Bridge \$10,000**
\$5000 downpayment \$107.36 monthly payment for 60 months
- **Both Upper and Lower Together = \$20,000**
\$10,000 downpayment \$214.72 monthly payment for 60 months

'In House' Financing Plan: A Credit Check Application including the electronic funds transfer information must be completed in advance of your treatment. A MANDATORY 50% DOWNPAYMENT IS REQUIRED. Full 'In House' Financing is not available. We offer an extended five year payment plan (60 months) *after* the down payment is received. Payments are based on the individuals credit history and will include 9.95% APR. The monthly payment will be automatically withdrawn from your checking account. To finance \$10,000, the APR will equal \$2733.47. The total amount you will pay over 60 months will be \$12,733.47. The average monthly payment is usually \$214.72. When financing \$5000, the APR will equal \$1366.74; the total amount you will pay over 60 months will be \$6366.74. The average monthly payment is usually \$107.36. *With these options, you will be wearing temporary (PMMA) bridgework for up to five years while you are making payments. The sooner you pay off the balance, the sooner we can make the permanent Zirconia restorations. If the temporary PMMA teeth break, there is a \$300 charge *per arch* for a replacement*****

Other popular extended payment plan methods are Care Credit and Lending Club. These outside financing companies will usually cover the entire cost of treatment and monthly payments are made directly to them. Please ask for a brochure or go directly to their websites for more information.
